

## Speakers

We look forward to welcoming the following **Keynote Speakers to the meeting in November.....**

### Professor Mike South

Mike South is a Paediatrician/Intensivist and Chief Medical Information Officer at the Royal Children's Hospital in Melbourne. He is Professor of Paediatric Medicine at the University of Melbourne and Fellow at the Murdoch Childrens Research Institute.

Mike has a long term interest in using technology to support clinical care and in driving standardised evidence-based care. His research interests are broad and focussed on the care of acutely unwell children.

Mike is currently leading the implementation of a fully electronic medical record and patient/family portal at The Royal Children's Hospital.

### Dr Robin Youngson

Dr Robin Youngson is an anaesthetic specialist in New Zealand, internationally renowned for his work on compassion in healthcare. He's the Co-Founder of Hearts in Healthcare, a global movement for human-centred healthcare. He's helped lead change in many countries including Australia, New Zealand, the UK, Ireland, the USA, Canada, Hong Kong, Saudi Arabia, the Netherlands, and Norway.

Robin is an Honorary Senior Lecturer at Auckland University, is on the Editorial Board of the Journal of Compassionate Healthcare, and is a member of the Global Compassion Council of the international Charter for Compassion. He's the author of the acclaimed book "TIME TO CARE – How to love your patients and your job".

### Mayo Clinic Visiting Speaker

#### Professor Phil Fischer

Phil Fischer is a Professor of Pediatrics at the Mayo Clinic in Rochester, Minnesota, USA. Following pediatric training in the US and tropical medicine training in the UK, he practiced pediatrics in the Democratic Republic of Congo (then Zaire) from 1985 to 1991 before returning to the US. He has studied deficiencies of calcium, vitamin D, and thiamine in developing countries. Currently, he deals with lots of adolescents with chronic pain and fatigue – and is pleased to see most all of them recovering

nically. He is co-editor of the American Academy of Pediatrics' Textbook of Global Child Health.

### Associate Professor Jane Burns

Professor Jane Burns is Professor of Innovation and Industry at the University of Sydney. In 2010 she raised 35M as the founder and CEO of Young and Well Cooperative Research Centre an organisation that over its five years drove industry focused research and development to explore the role of new and emerging technology in improving wellbeing.

Jane was a winner in the category of Social Enterprise and Not-for-profit for 2015's Australian Financial Review and Westpac Group 100 Women of Influence, and was a Victorian Finalist in the 2012 Telstra Business Women's Awards.

Jane is a Graduate of the Australian Institute of Company Directors. She is Chair of the National Advisory Council for the Veterans and Veterans Families Counselling Service. She provides strategic advice to the government, university and social enterprise sector and is a member of 10 advisory boards and government working group, including as a member of the Vision for Australia Advisory Council, the Department of Communications Online Safety Working Group and the Department of Veteran Affairs Clinical Reference Group. Previous Directorships include the Cooperative Research Centres Association, the Bounceback and Thomas Kelly Foundations.

Jane was Deputy Executive Officer and led the youth and public health agenda for beyondblue in its initial start up, was a Commonwealth Fund Harkness Fellow at the University of California, San Francisco, and was Director of International Partnerships at Inspire Foundation driving growth in the United States. Jane held a VicHealth fellowship from 2006-2013, an NHMRC fellowship from 1997-2000 and an NHMRC scholarship from 1994-1996. She has a PhD in Medicine from the Faculty of Medicine (Public Health and Epidemiology) University of Adelaide.
